Oygul Salayeva

UI/UX Designer & IT Adminstrator

ABOUT

I'm a UI/UX designer and IT administrator passionate about creating calm, meaningful digital environments.

My design approach blends logic and emotion — I focus on interfaces that feel intuitive, structured, and visually gentle.

I've worked on real-world systems like **Vaqf Nazorat**, and built personal pet projects such as **Golden Travel** and **Foodgo**, blending clarity with empathy.

CURRENTLY

Designing dashboards at Uzinfocom and exploring modern typography in Figma. Working on small redesigns that combine clarity, nature-inspired tones, and motion.

EXPERIENCE

IT Park Khorezm — Administrator 2023 – 2025
Coordination and operations for digital infrastructure. Supported design and development teams in implementing UX-friendly internal systems.

Vaqf Nazorat — UI/UX Designer 2025
Designed the full dashboard system for donation and warehouse management. Focused on clarity, data transparency, and accessible user flows.

Golden Travel — Pet Project (Redesign) 2025
Conceptual redesign of a travel website as a creative exercise. Experimented with visual hierarchy, color storytelling, and smooth booking flow UX.

Uzinfocom — UI/UX Designer Intern 2025 – Present
Contributed to corporate dashboard and admin panel designs for government and enterprise clients. Developed structured design systems and collaborated with front-end teams for implementation consistency.

EDUCATION

Tashkent State Pedagogical University 2022 – Present
